## About Me:

Dedicated and skilled Mobile Developer with a passion for creating high-quality mobile applications. Committed to providing convenient and effective solutions.

## Education:

- Bachelor of Science in Computer Science | Borcelle State University | May 2021
- Advanced Mobile App Development: Specializing in React Native | March 2022

## Work Experience:

- Mobile Developer, Fradel and Spies Tech Solutions (2 years):
  - Developed and maintained apps, ensuring optimal performance and user experience.
  - Collaborated with cross-functional teams to design and implement new features.
  - Conducted code reviews and provided mentorship to junior developers.

- Junior Mobile Developer, Rimberio Mobile Apps (Internship, 6 months)
  - Assisted in the development of mobile apps, focusing on UI/UX design and performance optimization.
  - Worked closely with senior developers to troubleshoot and debug code.
